NOTE: The Crop Loss Compensation Program (CLCP) is assistance provided to local farmers who are registered with the Guam Department of Agriculture prior to storm damage. Compensation is based on expenditure receipts that is evident of cost(s). The amount compensated in return will be determined by the number of claims filed, total amount of claim expenditures, and the amount of funds available for distribution. Failing to provide expenditure receipts will result in the total amount to be compensated reduced to half (penalty).

Should there be any questions, please contact the Agricultural Development Services Division at (671) 300-7973/7968 or email clcpchampi@guam.gov
