This factsheet briefly summarizes the steps in obtaining an import permit for importation of fruits and vegetables from the US mainland, Commonwealth of the Northern Mariana Islands (CNMI), and Hawai’i. It is very important to note that the importation of fruits and vegetables requires different treatments depending on the commodity. All treatments should be undertaken in the place of origin before importing and all fruits and vegetables must be free from pests, soil, and plant litter or debris.

Origin of Prospective Import

CNMI & US Mainland
All fruits and vegetables are admissible. If imported commodity is >50 lbs., a Local Import Permit is required.

Hawai’i
Most fruits and some vegetables are prohibited due to risk of introducing certain invasive plant pests and diseases. However, there are some admissible fruits and vegetables that can be imported from Hawai’i to Guam. Refer to page 28, Table 3-1 of the USDA Hawai’i Manual by following the link: https://tinyurl.com/gnmm78.
